March-May

LASERS!

Does the idea of a scalpel near your gums keep you from scheduling your next dental surgery? Now you can relax knowing that we have the new **Precise LTM laser machine**, which allows Dr. Chiang to perform a variety of soft-tissue procedures without scalpel incisions! This newly acquired laser machine uses a **diode laser** designed with state-of-the-art technology to complete many of the dental surgeries that once required a scalpel.

“Perfection consists not in doing extraordinary things, but in doing ordinary things extraordinarily well.”

~ Angelique Arnauld

Dr. Chiang was trained with other European dentists with Dr. Didier Dietchi, internationally acclaimed clinician and educator on composite and adhesive dentistry. Dr. Chiang will travel to Geneva to train with him four times in 2016.

Dr. Chiang's Continued Education Courses:

March 12th-20th: *Advanced Implant Surgery*; Steigmann Institute, Heidelberg, Germany.

April 5th-12th: *World MicroVision Congress*; Dubai, United Arab Emirates.

April 26th-May 1st: *Bio-Esthetic Master Program*; Geneva Smile Center, Geneva, Switzerland.

When Dr. Chiang is away...

Please note that when Dr. Chiang is out of the office, Dr. Campbell will be taking over his office hours by appointment. This means our hours may vary, but we will still have staff in the office to answer the phone and schedule appointments. Dr. Chiang's or Dr. Campbell's cell phone number will still be listed in the message on our answering machine. If you are experiencing a dental emergency and need immediate assistance, please call your regular physician or Pullman Hospital Urgent Care at (509) 336-7365.
